

School Supply Kit Component Sheet

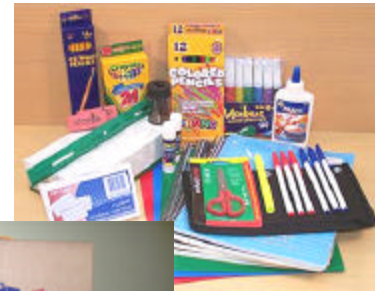

Our most popular kits are available in three configurations that are designed to meet the general needs of students from first grade through high school. All supplies come assembled in a convenient, easy to carry (and distribute) school supply box. As an added bonus, the kit box also serves as a storage box for the student's supplies and school work during the school year. We utilize quality name brand products including Staples, Crayola, Acme and Prang.

***New for 2009! To help answer the demand for tools to fight children's illiteracy, each kit now comes with an age-appropriate, illustrated story book.**

Here is what each kit contains for 2009:
